Summary

Recent computer science graduate with experience primarily in JAVA looking for a software development career.

Work Experience

May/2017 - present	**Research Assistant**, *Graduate Visual Computing Lab*, Toronto, ON. Area of Research: Deep Learning, Machine Learning, Convolutional Neural Networks with applications in Visual Computation.
April/2016 - Sept/2016	**Data Entry and Management**, *Envirocare Systems HVAC*, Toronto, ON. Skills demonstrated: Time management and attention to detail.
Sept/2015 - April/2016	**Computer Science Tutor**, - *Ryerson University*, Toronto, ON. Regular tutoring in Intro to Computer Science I & II, C and Unix, and Computer Organization I & II. Skills demonstrated: Effective communication.

Education

Sept/2012 - April/2017	**B.Sc.**, *Ryerson University*, Toronto, ON. Computer Science

Freelance

2017	**Web Developer**, *Professional website design*, HTML, CSS, Javascript.

Machine Learning and Data Science

2017	**CPS843**, *Computer Vision*, Matlab.
2017	**CPS841**, *Reinforcement Learning*, JAVA.
2017	**CPS844**, *Data Mining*, Weka.
2016	**CPS840**, *Machine Learning*, R.

Extracurricular

2017	**Succeed Clean**, *Performance enhancing drug outreach program*, |, Toronto, ON.
2016 - 2017	**Fourth Year Representative**, *University Computer Science Course Union*, Toronto, ON.
2015 - 2016	**Captain Varsity Fencing**, *Ryerson University*, Toronto, ON.
2017	**Fencing Provincial Championship**, *Bronze Medalist*, St. Catharines, ON.
2016	**Science Orientation Planning Committee**, *Ryerson University*, Toronto, ON.

Conferences

May/2016	**IBM Watson IoT Hackathon**, *Connected Lab*, Toronto, ON, Built and demonstrated a chat-bot using the IBM Watson IoT Platform.

Computer skills

Programming Languages	JAVA, SQL, C/C++, R, Python Prolog, Matlab, Linux, LaTeX
